

EU GCC Clean Energy Technology Network

WEBINARS ARCHIVE

APRIL - JULY 2020

THE NETWORK IS FUNDED BY

INFO: THIS INFOGRAPHIC CONTAINS INFORMATION FOR THE WEBINARS ORGANISED BY THE NETWORK. THE WEBINARS' VIDEOS ARE AVAILABLE AT THE NETWORK'S E-TRAINING CENTRE. ONLY REGISTERED MEMBERS CAN ACCESS THE VIDEOS. INFORMATION ON THE MEMBERSHIP, WHICH IS A COST FREE SERVICE IS AVAILABLE AT THE FOLLOWING LINK: [HTTPS://WWW.EUGCC-CLEANERGY.NET/MEMBERSHIP](https://www.eugcc-cleanergy.net/membership)

WEDNESDAY 22 JULY 2020

CSP and Desalination

<https://www.eugcc-cleanergy.net/node/1415>

TUESDAY 21 JULY 2020

Energy Efficiency in Buildings and Smart Technologies

<https://www.eugcc-cleanergy.net/node/1414>

WEDNESDAY 15 JULY 2020

The Circular Carbon Economy: Furthering EU GCC Energy Partnership

<https://www.eugcc-cleanergy.net/node/1384>

TUESDAY 7 JULY 2020

Energy Efficiency in the Building Sector: Strategies, Regulations and Business Models to Promote EE Technologies

<https://www.eugcc-cleanergy.net/node/1382>

TUESDAY 23 JUNE 2020

Scaling Up RES: Integration of Variable Renewable Energy into the Grid

<https://www.eugcc-cleanergy.net/node/1363>

THURSDAY 18 JUNE 2020

Hydrogen in the European Green Deal, a new vector for international cooperation

<https://www.eugcc-cleanergy.net/node/1356>

TUESDAY 16 JUNE 2020

Energy transitions in the EU and the GCC: Challenges and opportunities

<https://www.eugcc-cleanergy.net/node/1353>

THURSDAY 11 JUNE 2020

Empowering the private sector for climate change action

<https://www.eugcc-cleanergy.net/node/1350>

TUESDAY 9 JUNE 2020

Scaling-Up Solar PV Roof Top State of the art, project construction and O&M

<https://www.eugcc-cleanergy.net/node/1349>

TUESDAY 2 JUNE 2020

Smart and sustainable local energy planning

<https://www.eugcc-cleanergy.net/node/1337>

WEDNESDAY 20 MAY 2020

3rd Meeting of the MENA Hydrogen Alliance

<https://www.eugcc-cleanergy.net/node/1328>

TUESDAY 19 MAY 2020

Intelligent energy management in a city level

<https://www.eugcc-cleanergy.net/node/1326>

THURSDAY 14 MAY 2020

Climate change and clean energy in light of Covid-19 and oil price developments

<https://www.eugcc-cleanergy.net/node/1315>

WEDNESDAY 13 MAY 2020

Scaling-Up Solar PV Roof Top Market trends, regulations and business models to promote Solar PV Roof Top projects

<https://www.eugcc-cleanergy.net/node/1314>

TUESDAY 21 APRIL 2020

Industry 4.0 in Energy Systems - Part II: Artificial Intelligence for enhancing Energy Efficiency

<https://www.eugcc-cleanergy.net/node/1282>

WEDNESDAY 15 APRIL 2020

Industry 4.0 in Energy Systems - Part I: Technologies and Methods for Smart Energy Systems

<https://www.eugcc-cleanergy.net/node/1281>

About the Network

The EU-GCC Clean Energy Technology Network, funded by the European Union, initiated its activities in 2010, as a response to the common EU GCC interest for strategic clean energy cooperation. The Network aims to act as a catalyst and element of coordination for the development of cooperation on clean energy, including the related policy and technology aspects among various stakeholders in the EU and GCC countries.
