

Energy Management for the Industrial Sector

Anne Le Guennec, Chief Executive Officer

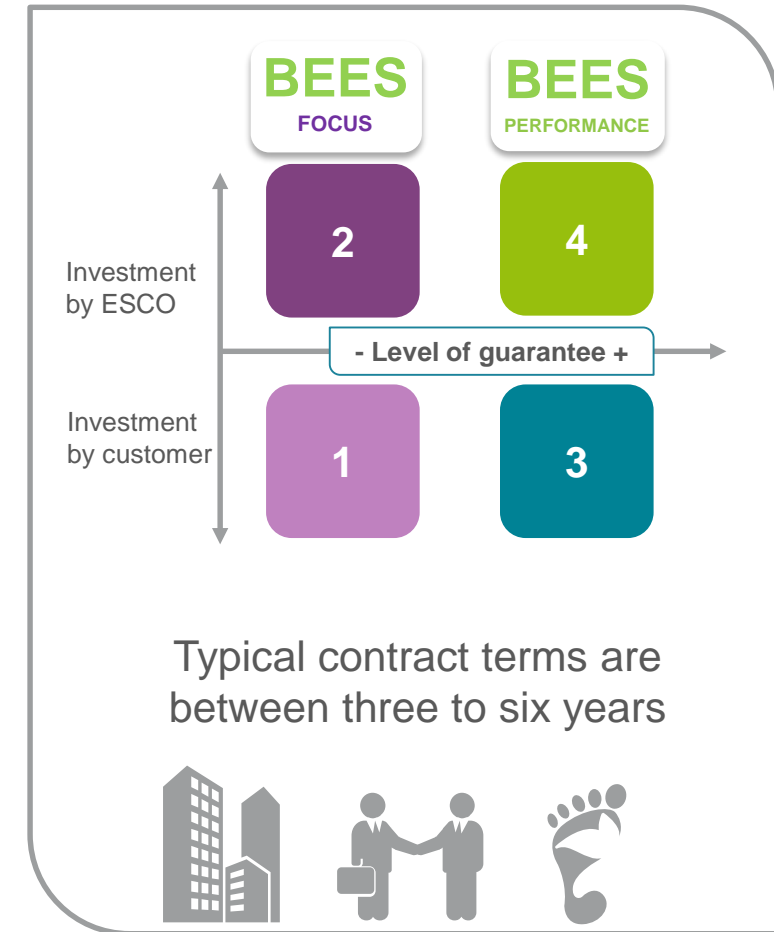

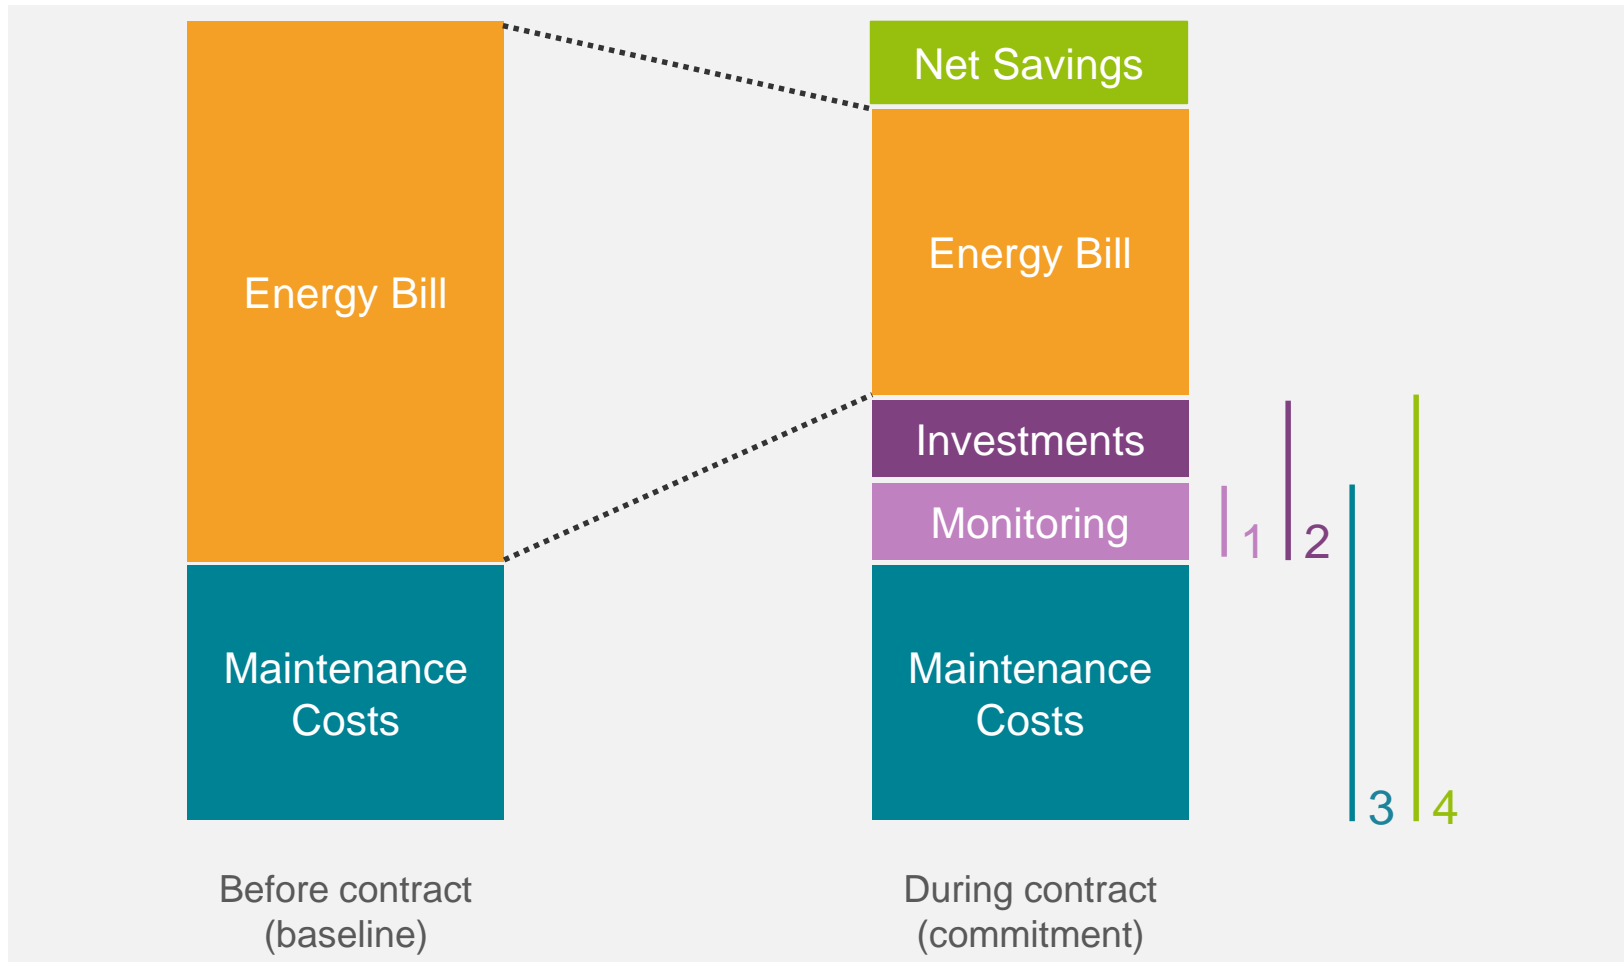

Sustaining your growth

Global Market Insights:

"Assessing the INDC Opportunity" (2016) by Energy Transitions Commission

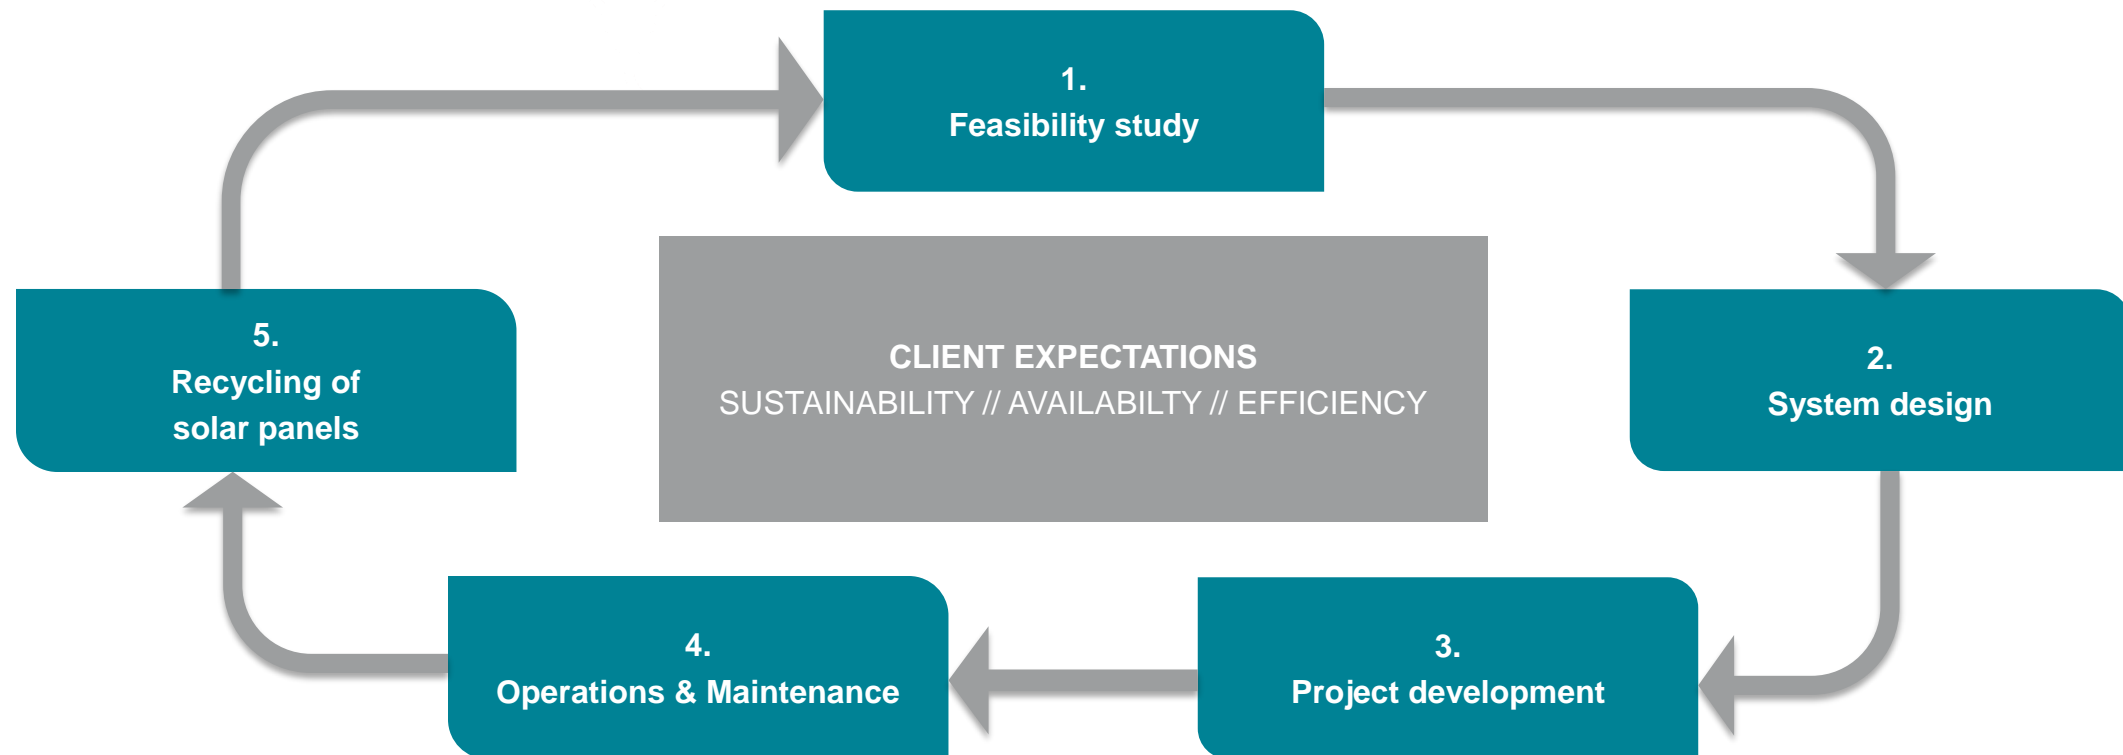

Focus on the Built Environment: Tailor-made energy performance contracts

Focus on the Built Environment: Managing solar PV projects from feasibility study to recycling

Enova manages the whole life cycle of solar PV plants to ensure each solution is tailored to the specific needs and constraints of our clients, and maximize their energy efficiency and security.

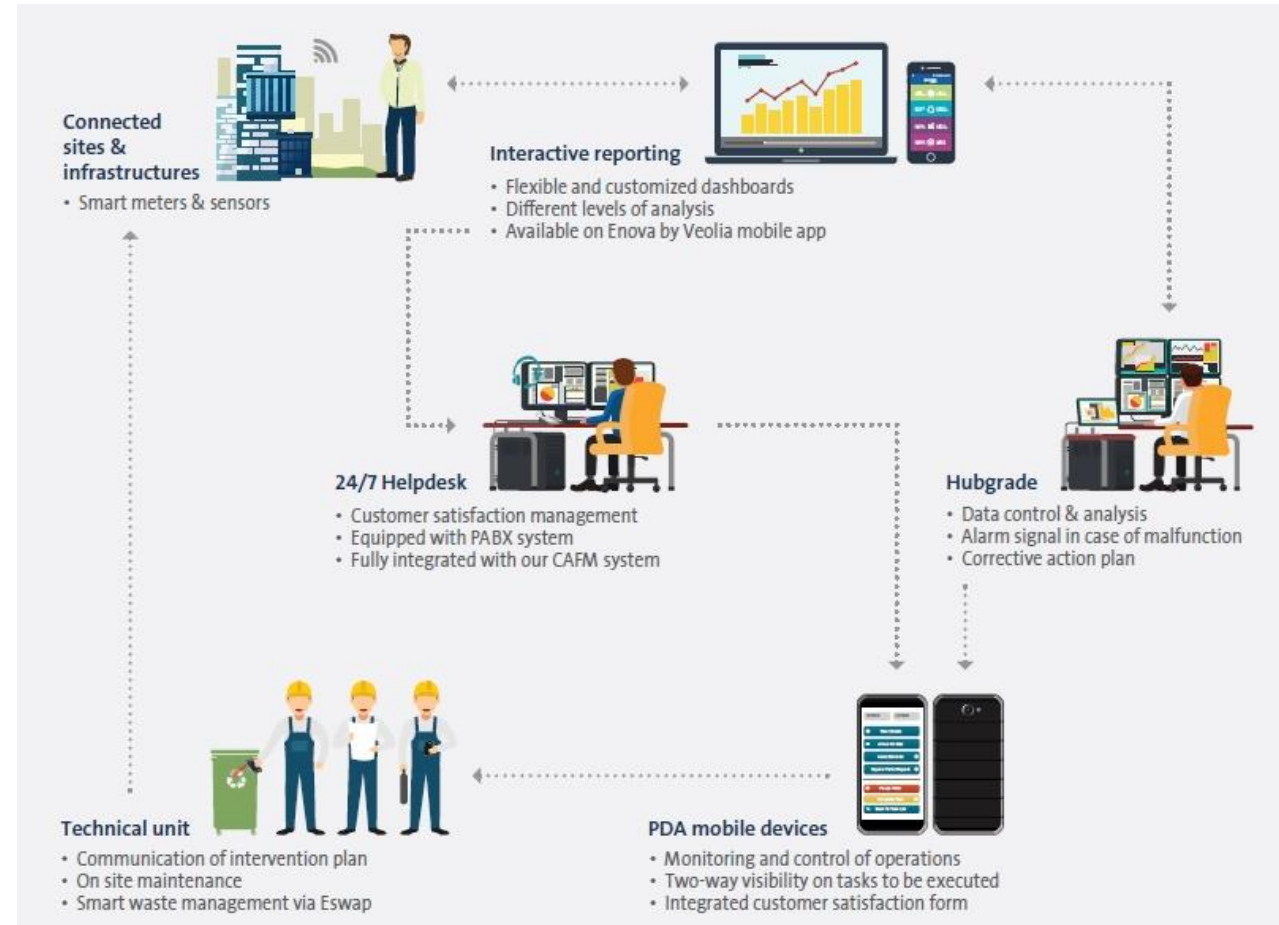

Focus on the Built Environment: Real-time monitoring and the power of big data

Monitoring performance
in **real-time against a set of KPIs**
defined with the customer

Analyzing data to identify **areas of optimization and drifts**
&
determining maintenance to be
conducted by on-site or mobile teams

Transparent real-time reporting
for our customers

Thank you!
